HISTORY OF HAMILTON

The history of Hamilton is one of Loyalist settlers engaged in agriculture, commerce, and heavy industry centering around a strategic position at the western tip of Lake Ontario.

In the summer of 1669, Rene Robert Cavelier, Sieur de La Salle, discovered Burlington Bay. Settlement of this area did not really commence, however, until more than one hundred years later. Members of the United Empire Loyalists have been cited as the first settlers who migrated north to this new, untouched, frontier.

On June 18, 1812, the United States declared war on these British Loyalists in an attempt to claim Upper Canada and beyond, as part of the U.S.A. After the Treaty of Ghent was signed, marking the end of the war, migration to Canada increased. Captain George Hamilton was among this flock of new settlers and after a mere two years, he converted a scattered collection of homes into a town bearing his name.

The turning point for the Town of Hamilton occurred when the Burlington Bay Canal, completed in 1825, connected Hamilton with Lake Ontario making Hamilton an excellent centre for receiving goods and distributing them through the hinterland area. Wheat and other agricultural products from the surrounding environs were purchased here by merchants and transported by boat through the harbour, while manufactured goods were imported for sale to the agriculturalists. In anticipation of increased business merchants, professionals and industrialists from near and far either relocated or expanded into Hamilton. This influx of trade and commerce aided the town to establish itself as a port in Southern Ontario which is now the focus of Hamilton's economy.

Settlement continued rapidly into the 19th Century with the acceleration of wheat exports and other business, and by 1846, the town had become a city with a population of 6,832. In January 1847, the first election was held under the provision of the new City charter and Hamilton's first Mayor, Colin C. Ferrie, was appointed. In 1854, the Great Western Railway completed the first railroad line constructed through the core of the downtown section. Hence, goods could conveniently be transported via rail, road or water. This marked the beginning of an era for Hamilton; as it was no longer considered a small port, but rather a city possessing wealth in numbers and also in a variety of forms of transportation.

Manufacturing felt its first expansive boost in 1878 with the imposition of the National Policy. No longer could cheap manufactured goods flow freely across the border from the United States. Instead, some American firms moved into Canada to maintain their markets, while the foundries and mills in operation before 1878 expanded to handle the increased demand for their goods caused by the reduction of competition. The Hamilton area was favoured because of its central location with respect to sources of raw materials and consumer markets. By 1899, cheap electric power and the fine transportation system by boat, rail and radial lines were also factors in the continued growth of industry in the area.

HAMILTON TODAY

The population of Hamilton has grown to approximately 308,000 and takes up over 38,000 acres of land above and below the Niagara escarpment. The land below the escarpment bordering on Lake Ontario holds much of the industry, commerce and highrise offices, residential buildings, along with the older residential structures. The area above the escarpment, commonly referred to as "the mountain", has served to accommodate residential expansion. For the mountain residential area of 4,258.9 hectares and a population of over 112,000 and growing, there are recreation complexes, hospitals, library facilities and community centres. Of the many shopping centres, Limeridge Mall, with 1 million square feet of retail space, 204 stores and services, 4,000 free parking spaces and weekly traffic of 150 to 200 thousand, is the largest in the Region.

The focus on industry in Hamilton traditionally has been steel. The two major employers in the Hamilton area are Stelco (The Steel Company of Canada) and Dofasco (Dominion Foundries and Steel) which employ 12,340 and 11,500 individuals respectively. Founded in 1910, Stelco has a coverage of approximately 1,000 acres and annual raw steel capacity, at the Hamilton location, of six million tons. Dofasco, which has been established since 1912, has now become the largest steel manufacturer in Canada after a recent acquisition. Both companies have established continuous cast operations. Dofasco production includes consumer durables and construction materials, whereas Stelco has a reputation as being more diverse in its industrial output. Together these steel producers account for over 60% of the nation's steel. Both companies are leaders in technology and research and have had a tremendous impact on Hamilton directly and indirectly for almost eighty years. Presently the steel industry and related businesses account for 33% of the local economy. This steel economic dependence has declined in recent years due to progressive diversification into other sectors including health. Summarized below is a list of the largest employers (in terms of employees) operating in Hamilton:

<u>Employer</u>	<u>Approximate Number of Employees</u>
1. Stelco Inc.	12,340
2. Dofasco Inc.	11,500

RENEWAL OF HAMILTON'S DOWNTOWN CENTRE

As previously stated, Hamilton's economy has been shifting from that of primarily an industrial and manufacturing city to one that is more service oriented. This increase in the service sector has been helped by the rapid transformation of the downtown core by an urban renewal project which was initiated in 1967, Canada's centennial year. Between 1972 and 1987 more than \$300 million has been invested in this urban redevelopment. This investment has provided for the construction of Lloyd D. Jackson Square, an ultra-modern shopping centre with adjacent office towers, the well-known Hamilton Place Theatre Auditorium and the Hamilton Art Gallery. The new homes of the Central Library and Hamilton Market, in the Square, were completed and opened in 1980, while 1981 witnessed the additions to the development of the Hamilton Convention Centre/Provincial Office Tower to complement the other specialized service facilities completed during this redevelopment.

The Hamilton Convention Centre, complete with total exhibit space of 40,000 square feet, a banquet hall with seating and facilities to serve 1,900 patrons, and 13 meeting rooms of various sizes, opened in June 1981. This facility was built at a cost of 16.7 million dollars with the Province of Ontario contributing 5.1 million dollars toward the cost. In addition, the Province has constructed a 14 storey office building above the Convention Centre to provide office space for the various Provincial Ministries and as an interim measure, office space for the Regional Municipality of Hamilton-Wentworth administration departments.

The Standard Life Centre, Phase IV of Lloyd D. Jackson Square, provides an additional 400,000 square feet of office space and approximately 100,000 square feet of retail commercial area. In addition, the Victor K. Copps Trade Centre/Arena facility and the Sheraton Hamilton Hotel, were both completed in 1985.

The Victor K. Copps Trade Centre/Arena facility (Copps Coliseum), at an estimated cost of 41.3 million dollars, contains over 18,000 arena seats and has 60,000 square feet of exhibition space which can be increased to over 87,000 square feet with the inclusion of the ice surface. The Federal Government contributed 4 million dollars and the Province of Ontario contributed the same amount by stages. Connected to the Sheraton Hamilton Hotel complex and Lloyd D. Jackson Square, it increases the amount of retail space in the development by 33,000 square feet. The Trade Centre/Arena, which is located at the south-east corner of Bay and York Streets, has state-of-the-art facilities for sporting events, major convention sessions, concerts, exhibitions and trade shows. In December 1985 and January 1986, the World Junior Hockey Championships were hosted at Copps Coliseum, and in September of 1987, this facility hosted the major games of the Canada Cup hockey series. The entire downtown area benefits from the increased exposure brought upon by the Trade Centre/Arena which, it is hoped, will be home to a National Hockey League franchise. Copps Coliseum has consistently proven to be one of the most successful facilities of its kind in North America. The Hamilton Entertainment and Convention Facilities Inc. which manages and operates the Convention Centre, Hamilton Place and Copps Coliseum provided activities for 1.5 million participants in 1988.

The Sheraton Hamilton Hotel, with 302 rooms and 18 floors, is a welcome addition to the Lloyd D. Jackson Square development. It has 4 lounges/restaurants, banquet facilities for 500 and 25,000 square feet of retail space. Well situated in the development, it is connected to Lloyd D. Jackson Square, Standard Life Centre, Victor K. Copps Trade Centre/Arena and by an overhead covered pedestrian walkway to the Hamilton Convention Centre. The recently renovated Royal Connaught Hotel with 207 rooms and redecorated Holiday Inn with 219 rooms all located within a 5 minute walking distance of the above facilities assist with the accommodation of various special events. These facilities have largely enhanced the attractiveness of Hamilton for major conventions and conferences, which in 1988 totalled approximately 200 conventions and 100,000 delegates.

RENEWAL OF HAMILTON'S DOWNTOWN CENTRE - (Continued)

The Downtown Action Plan evolved in the expectation of renewing the current downtown core. The Community Development and Public Works Departments are working together with the Business Improvement Area (B.I.A.) to improve the appearance and accessibility of the downtown area. A closure to motorists of the south branch of King Street has been completed in order to establish a transit/pedestrian mall available only to buses during restricted hours. Sidewalks have been widened and their surface changed from concrete to interlocking bricks. Even the street lights have been upgraded to an attractive wrought iron design.

The redeveloped Gore Park provides a victorian garden, an amphitheatre, an in the area near the cenotaph, both grassed and hard surface areas. Extensive use of greenery has been made, particularly with the planting of over two hundred trees. The area north of Gore Park has been expanded to include the entire Central Business District, providing new sidewalks, lighting, trees, benches, bicycle racks and waste receptacles.

The Facade Improvement Programme commenced in 1986, providing low interest loans to owners of commercial properties located in approved business improvement areas. This will be a continuous program that will rehabilitate building exteriors as well as improve business facades, including store fronts and signage.

In other recent developments, the Canadian Imperial Bank of Commerce completed the first of their twin banking and office complexes in 1987, on the site of their former bank building in the heart of the City's downtown core. Construction is now underway on the second and final C.I.B.C. tower which has an expected occupancy date of the fall in 1990. In addition, in conjunction with the proposed major expansion of the Eaton's department store next to the Lloyd D. Jackson Square complex, a 7.2 million dollar Parkade was completed in late 1987 to accommodate present and future parking needs in the downtown area. Another pedestrian walkway is under construction linking this Parkade with the new Eaton's Centre. Further development includes permanent regional offices and another theatre in the downtown centre.

HAMILTON AND SCOURGE

Hamilton and Scourge are two ships from the War of 1812, remarkably preserved in the depths of Lake Ontario for the past 175 years. The ships sank during a sudden squall while preparing for battle in 1813.

The City of Hamilton was granted title to these vessels in 1980 from the U.S. Navy. A project is now underway to raise the historic ships for permanent relocation in Hamilton's Confederation Park. The 73 foot Hamilton and 57 foot Scourge have attracted international attention and will be of great attraction to visitors of the Hamilton Lakefront (Confederation Park).

THE CORPORATION OF THE CITY OF HAMILTON

WATERFRONT PARKS DEVELOPMENT

The Waterfront Parks Development project will involve a transformation of the Hamilton Harbour into a large recreational facility for Hamiltonians at a proposed cost of \$38 million. The project may include the creation of Hamilton Island, Dundurn Walk which will connect the Waterfront to Dundurn Castle, and Pier 4 which is a large passive park area, and other attractions. The provincial government has made a commitment of \$10 million towards this development which will supplement the City's proposed cost along with an anticipated federal government commitment of funding.

TRANSPORTATION IN HAMILTON

Hamilton's transportation needs are served by road, rail, water and air.

Over 100 million people live within a radius of 500 miles of Hamilton, and the City acts as the major distribution centre to the entire Niagara Peninsula. As such, the City is the hub of a series of nine Provincial highways which include two, four-lane, controlled access roads. These highways are used by a large number of transport companies to move goods to and from Hamilton and other centres in the Province of Ontario and in the States of New York, Ohio, Pennsylvania and Michigan. The City is served by the Canadian National Railway, the Canadian Pacific Railway, and the Toronto, Hamilton and Buffalo Railway which links the C.P.R. to the Penn Central System in the United States.

The port of Hamilton which can accommodate the largest ocean going vessels that transit the seaway has 10 shipping piers occupying 350 acres and 11,570 metres of modern dock facilities. Roll-on, roll-off terminal capabilities are available and help the port clear thirteen million metric tonnes per year in and out of port. The Hamilton Harbour Commissioners marine dockyard offers a variety of facilities to the recreational boating community and takes pleasure in being able to serve it.

In order to facilitate the increase in trade and commerce in Hamilton, two major transportation facilities have recently been completed, namely the twinning of the Skyway Bridge and the Airport expansion. The Q.E.W. Skyway Bridge twinning further increases the accessibility between Hamilton-Wentworth industries and their markets. The established Hamilton Civic Airport's recent \$48 million expansion included construction of an 8,000 foot east-west runway, expansion of current apron and taxiways as well as tripling the present terminal size. The benefit of such enlargement is to improve the access to national and international business communities for Hamilton businessmen.

Future transportation improvements include a new regional highway and the proposed extension of the full rapid transit service from Oakville to Hamilton. The East/West, North/South Expressway, which will link the Q.E.W. highway in the east end of the City to the other major highway 403 on the west mountain, is presently under construction and expected to be completed by the year 2000. In using the rapid transit or the A.L.R.T. system, Hamilton hopes to upgrade the inter-regional transit services to the neighbouring Toronto area, as well as increase the accessibility to existing and planned business in the downtown core.

ARTS, FESTIVALS, CULTURAL AND EDUCATIONAL FACILITIES

Hamilton's natural setting is enhanced by the presence of the Royal Botanical Gardens. It has taken a prominent role as an institution on this continent. The physical aspect which visitors so appreciate, the garden and natural areas, are all part of this scientific and educational resource centre. It stands as something of a hybrid between an experimental station, a museum and a university, combined with the informal recreational aspects of a fine park system.

Hamilton's two largest festivals, the "Festival of Friends" and "Your Festival" attract several hundreds of thousands of visitors annually. "Your Festival" takes place on the Canada Day weekend and is recognized nationally as "Canada's Biggest Birthday Party". The "Festival of Friends" is one of the major tourist attractions in Hamilton and takes place in August. Both festivals contribute to the cultural development and economic expansion of Hamilton.

In the area of culture, Hamilton has the third largest art gallery in Ontario; Hamilton Place which is a world renowned theatre-auditorium; the Hamilton Philharmonic Orchestra with a core of 32 resident musicians; and the Hamilton Public Library with over 800,000 books, 6,000 records and 2,600 films and videos. There are 6 civic museums, the most noteworthy being Dundurn Castle, the historic home of Sir Allan Napier MacNab who was among other roles a Prime Minister of Upper Canada. Enhancing the diverse arts/cultural fibre of the city are the 5 theatre companies and Opera Hamilton which plays to Hamilton Place audiences with 3 annual major performances.

The century old McMaster University accommodates over 10,000 full-time students and many more thousands of part-time students. The university employs 1,000 faculty members and 2,500 support staff. McMaster has one of the world's first university campus nuclear research reactors and three libraries with a combined total 1.5 million volumes. McMaster has an international reputation in the area of health sciences for the innovative programs the school of medicine offers. In addition, the University's research centre is recognized for its contribution to medical science.

Mohawk College of Applied Arts & Technology is a diploma granting institution. With over 12,000 students enrolled in full-time courses and over 59,000 in part-time courses, it offers 60 post secondary, 32 retraining and 7 apprenticeship programmes. Courses include a variety of vocational instruction in industry, commerce, and languages.

The Hamilton-Wentworth Economic Development is responsible for promoting the City of Hamilton in Canada, the U.S.A. and overseas. As indicated above, there is much to promote in this busy metropolitan centre. The changes and improvements made in the City's structure from its agricultural and commercial beginnings make it a dynamic city in which to be involved, now and in the future.

J. D. Thompson, Secretary

Respectfully submitted,

ALDERMAN WM. MCCULLOCH
CHAIRMAN, FINANCE COMMITTEE

City of Hamilton
Treasury

1989 April 25

Alderman Wm. McCulloch
and Members of the Finance Committee

It is with pleasure that I present the 1989 Estimates of Revenues and Expenditures of the Corporation of the City of Hamilton, the Library Board, the Parking Authority and the Hamilton Entertainment and Convention Facilities Inc. (H.E.C.F.I.), as approved by the Special City Council meeting of Thursday, March 23, 1989 and as previously approved by the Standing Committees.

The estimated revenues and expenditures of the City result in a residential mill rate for 1989 of 95.5672 mills, representing an increase over 1988 of 7.8104 mills or 8.9%. The additional taxation requirement for 1989, the resultant mill rates and other pertinent information are summarized and presented later in this report.

As was stated in my report last year " Demand for new staff to fulfill increasing service levels remains high and this will continue to be the case into 1989 and beyond". Council was confronted this year with requests for new staff, as predicted and after considerable deliberation both at the Standing Committee and Council level, it was concluded that staff related to City activities should be increased by 38 full time equivalent (FTE). In 1988 staff increases were limited to one person for City services and the mill rate increase was constrained to 4.5%.

R E V E N U E S

The 1989 Revenues for the City of Hamilton are summarized on Appendix "B". The revenues, not including taxation and the carry forward surplus, have increased over 1988 by only \$1,134,120 or 2.7%. The provincial unconditional grants were held at the 1988 level and were not increased even to the inflation level. Last year the increase was only 2% which means that the lack of reasonable growth in these grants places more of a financial burden on the local taxpayer.

Surplus for the year 1988

The City of Hamilton, through careful budgeting and co-operation of the various departments, is able to report a surplus for the 41st consecutive year. The surplus for 1988 was primarily due to additional revenue earned from payments in lieu of taxes and savings from controlling expenditures. This surplus has allowed for the transfer of \$1,250,000 to the 1989 revenues as a carry forward surplus after providing for the 1983-1988 possible tax loss for Dofasco presently under appeal by the Assessment Commissioner and the City of Hamilton.

Assessment

As can be noted on Appendix "D", growth in the assessment is 3.2% this year (1.8% - 1988, 1.3% - 1987) which is an encouraging sign and it is hoped this upward trending continues.

Contributions Grants and Subsidies

This revenue source has increased by only \$493,350 or 2.3% over the 1988 Estimates. As previously stated, there was no increase in our provincial unconditional grants in 1989. The balance of the increase relates to payment in lieu of taxes and the roadway (M.T.C.) subsidy.

Licenses and Permits

This revenue source has increased by only \$24,150 or .5% to reflect a continuing demand for building permits but a levelling off of the increase one year to the next.

Interest, Tax Penalties, etc.

Our judgment on short term interest rates is that they are trending towards remaining flat or dropping slightly for the balance of this year. Accordingly, we are focusing on short term interest revenue at the same figure as in 1988, \$3,500,000, because of the anticipated increase in volume of investments to be processed. The revenue from penalties and interest on overdue taxes is expected to increase marginally.

EXPENDITURES

The 1989 Expenditure Estimates are summarized on Appendix "C" and listed in accordance with Standing and other Committee responsibilities. The original expenditure total of \$150,316,740 (Column (7), prior to review by Council/Standing Committee), represented an increase of \$14,875,310 or 11.0% over 1988. Following an examination by the Council/individual Committees, the total original expenditure submissions for 1989 were reduced by \$2,886,320 to \$147,430,420 reducing the expenditure increase to \$11,988,990 or 8.9% over 1988. It is to be noted that the increase in the non-departmental or financial accounts (debt charges, contingency, etc.) increased by \$3,521,040 accounting for about 30% of the overall increase in expenditures this year. (This increase included a provision for salary/wage and benefit increases yet to be negotiated).

Current Budgeting Process

Consistent with past practice, Department Heads and General Managers were requested to prepare budgets in accordance with their perception of known and expected service levels and to carefully isolate the costs to maintain the existing level of service from expansion levels being proposed. Prior to the detailed budgets being presented to Standing Committees, Council received an overall budget presentation from the Treasurer, and it was obvious from the beginning that simply to retain existing service levels, the mill rate increase would be at the 7% level. After a careful review of all budget expenditure packages by both Standing Committees and Council, the mill rate increase was finally set at 8.9% for this year.

There will be a continuing policy of placing the responsibility on Department Heads and Managers of Local Boards to curtail requests for any appropriation or expenditure of funds not provided within their approved Estimates and, in addition, monitor revenues with Treasury staff on an ongoing basis during the year.

A detailed summary of budget estimates, arranged in accordance with Standing Committee responsibilities can be found on Appendices "C-1" to "C-8".

TOTAL MILL RATES AND LEVIES

The Estimates of revenues and expenditures and the resultant levy by the Regional Municipality of Hamilton-Wentworth, the levies by the Board of Education for the City of Hamilton, and the levy required by the Hamilton-Wentworth Roman Catholic Separate School Board, are included for information purposes. It should be noted that the above named bodies requisition The Corporation of the City of Hamilton for the levies required and the City, by Provincial Statute, must levy and collect the resultant taxes for Regional and Educational purposes and transfer such levies to these Boards and Council.

The City's portion of the expenditure Estimates was approved by City Council, March 23, 1989. City Council approved the mill rates relative to the final City Estimates, along with the Regional and Educational mill rates on Tuesday, April 25, 1989. The Regional requirement showed an increase of 6.2533 mills for residential purposes or 8.5% from 1988 rates. The Education requirement showed an increase of 10.7787 mills for residential purposes or 7.8% over 1988 rates.

Total requirements of the City, Region and Education for taxation purposes have resulted in mill rates for 1989 which are more than those required in 1988 by 24.8424 mills for residential and 29.2263 mills for non-residential taxpayers, an increase of 8.3% for each rate respectively. For more information concerning these levies and mill rates, please refer to Appendices "E" and "F".

The members of the Standing Committees should be commended for their efforts in reviewing and approving the final estimates for the Departments and Local Boards for which they are responsible. I further commend the Chairman and members of the Finance Committee for their leadership in meeting the challenge of the annual budget review. This budget reflects the requirements of an urban municipality after providing for essential and in some areas expanding services.

I wish to acknowledge the courtesies and co-operation extended to the staff of the Treasury Department in the preparation of these Estimates by His Worship the Mayor and Members of Council, Local Boards, and our Civic Departments. I would also like to take this opportunity to express my appreciation to the senior officials and, in particular, Mr. R. Hammel, Manager of Budgets, Mr. K. Beattie, Budget Analyst, the senior secretarial staff, and the staff of the Treasury Department for their dedication and co-operation in the preparation of this budget.

Respectfully submitted

E. C. Matthews, B.A., C.A.

SUMMARY OF THE

1989 - 1993

CAPITAL PROGRAM

To the Council of The Corporation of the City of Hamilton:

The Co-Ordinating Committee presents its Eighth Report for 1989 and respectfully recommends:

- (1) That the debt charges shall not exceed an average of 12.5% of the estimated adjusted municipal levy over the five year Capital Budget.
- (2) That the policy established in 1982, whereby any unexpended portion of the municipal contribution to a Local Board be placed in a reserve for capital projects for that Board, should be continued in 1989 and subsequent years to the extent that only adequate reserves are accumulated by the Board (as opposed to excessive reserves) and beyond this point such funds may be allocated to other areas requiring Local Board funding including any annual shortfall (amount required in excess of the municipal contribution).
- (3) That the employment impact of each project be given consideration.
- (4) That the six mill capital levy continue with specific reference to the "Pay-As-You-Go" policy, on the understanding that the expenditure program for the Reconstruction of Roadways, Abutting Sidewalks and other Sidewalks - Local Roads, be given first priority of the annual financing from this source. The balance of this six mill levy will be assigned to finance such other capital projects as directed by City Council.
- (5) That where the construction specifications of a capital project go beyond the normal requirements of the City of Hamilton as a result of financial involvement with outside groups such as institutions, private sector corporations, individuals, or other groups, that such outside contribution be in the form of a firm commitment before City Council is requested to confirm the gross cost of the project and the financial contribution of the City.
- (6) That new projects be introduced only in the fifth year of the program, or where Council is able to trade-off an existing project already included in the previous year's five year program.

The Co-Ordinating Committee is of the opinion that the projects contained in this Capital Budget are within the financial capabilities of the City and represent a balanced program for the future planning and development of the City.

Note: The recommendations of the Co-Ordinating Committee were approved by City Council on April 11, 1989, By-law No. 89-114.

Respectfully submitted

City Hall, Hamilton, Ontario
April 11, 1989

His Worship the Mayor
and Members of City Council

On behalf of the Co-Ordinating Committee, it is with pleasure that I present to you the final Capital Budget for the five year period 1989 to 1993 inclusive, for approval by City Council Tuesday, April 11, 1989. The Committee should be commended for the manner in which it approached the finalization of the thirty-fifth consecutive Capital Budget.

The Committee in recommending this Capital Budget has continued the policy of attempting to control capital expenditures, and also ensure the City has the financial capability to provide the physical, social and cultural facilities necessary to the progress of the City of Hamilton.

They were also guided by the precepts established in prior years and the policies established by City Council, which are:

1. That the projects have a high priority rating either to provide proper physical facilities or to provide added facilities for the social needs of the community.
2. That the employment impact of each project be given consideration.
3. That the "Pay-As-You-Go" philosophy should be encouraged and every effort should be made to restrict capital borrowing wherever possible.
4. That the City continue the self-imposed policy of limiting the percentage of debt charges to the adjusted municipal levy in any one year.

The Committee undertook a review of the projects submitted to them by the various Standing Committees and Local Boards in order to establish the projects on a priority basis. The Committee carefully analyzed any requests for increased costs to projects contained in the 1988-1992 Capital Budget and new projects being submitted for the first time and were successful in reducing this budget, for consideration of City Council.

The Municipal services included in this Capital Budget are shown on the following page analyzed by function and in summary amounts to be financed.

Note: In general terms, the 1989-1993 Capital Budget contains funding for "hard" and "soft" services on approximately a 60%-40% basis respectively.

For your information, the statement below, under column (5), provides you with the debt charges as a percentage of the estimated adjusted municipal levy. You will note that in each year, the percentage is less than the self-imposed limit of 15% and is below the average of 12.5% for the five years specified by City Council as the parameter for the 1989-1993 capital budget.

It should be noted that while the Committee is recommending that debt charges do not exceed 12.5% of the adjusted municipal levy on average for the five years, this Capital Budget contains provisions for new projects, and a contingency allowance of \$1,500,000 in each of the years of the Capital Budget. You will note at the same time, however, that annual debt charges will be increasing at a rate higher than the expected inflation rate for this period.

While City Council has been able to reduce debt charges to levy to below the City policy parameters (which are well below the Ontario Municipal Board (OMB) requirements), the Corporation still has to be conscious of the total debenture charges as forecasted which amount to \$18 million per annum by the year 1993.

The following paragraphs outline the status of some of the projects:

a) Project for which additional costs are not included:

Ivor Wynne Stadium

No consideration has been given to providing any additional amounts beyond the \$1.9 million previously approved until City council has dealt with the question of expanding the present facility or construction of a new stadium.

b) A Major Project:

Waterfront Project

This project including the Crystal Palace has been entered in this Capital Budget in the gross cost of \$38.3 million, \$3.3 million of which is to be financed from public subscription, \$5 million from the City of Hamilton (2.5 million is included in this budget), with the balance of \$30 million to be equally shared with the Federal and Provincial Governments. This project has been included on the basis of a 1990 construction start, with a six year construction period indicating a completion date of 1995. Accordingly, O.M.B. debenturing authority will not be requested in 1989.

c) Other Pertinent Information:

(i) Road Reconstruction Program

It is to be noted that the amounts included in this budget do not include any provision for the cost of underground wiring as was proposed by City Council in 1983.

It should also be noted that the funds included in this budget are for local roads only. Arterial or Regional roads are the responsibility of the Regional Municipality of Hamilton-Wentworth and therefore are not provided in this budget.

(ii) Major Maintenance to Civic Buildings

In view of extensive renovations required to various City buildings in the next five years, \$250,000 per annum for the first two years, \$300,000 in each of the years 1991 and 1992, and \$350,000 for 1993, totalling \$1,450,000, has been included in this budget. The Director of Property has been requested to develop these renovations into a systematic program.

(iii) City Hall Extension

This project has been referred to Regional Council for consideration in its accommodation requirements of 1991, the year their lease expires.

(iv) Replacement of Traffic Operations Centre

This project has an estimated total cost of \$6,830,000 with a construction start date 1989. Sixty-five percent (65%) of this total cost, or \$4,440,000, is to be funded from the Regional Municipality of Hamilton-Wentworth with the balance of the cost thirty-five percent (35%), or \$2,390,000, to be funded by the City of Hamilton. The construction and the financing of this project was approved in the 1988-1992 Capital Budget of both the City and the Region.

(v) Parking

6.95 million is provided in this five year budget for parking facilities, all to be financed from the Reserve for Off-Street Parking. Six projects are forecasted to be undertaken as follows: Up-grading of existing parking facilities, \$550,000, start date 1989; John-Rebecca carpark decking, \$1,900,000, start date 1989; land acquisition south-east quadrant, \$1,900,000, start date 1989; Study and design of existing parking projects, \$200,000, start date 1990; Main-Ferguson carpark-decking, \$900,000, start date 1990; and a parking deck area for a transit terminus, \$1,500,000, start date 1993. Additional parking for the City Hall area is presently under review by the Board.

c) Other Pertinent Information: - continued

(vi) Operating Costs

While this Capital Budget indicates the City would have the financial capability to finance the debt charges related to this Capital Program within the self-imposed limits, it also includes, for information purposes, the estimated annual operating cost for each project after construction, in accordance with the policy established by City Council.

(vii) Employment Statistics

Relative to the request of City Council in 1983, the employment impact of each project was considered. Committee members were supplied with employment statistics relative to each project reviewed.

The Co-Ordinating Committee is of the opinion that the projects contained in this Capital Budget are within the financial capabilities of the City and represent a balanced program for the future planning and development of the City and has approved of the following recommendations for the consideration of City Council:

- (1) That the debt charges shall not exceed an average of 12.5% of the estimated adjusted municipal levy over the five year Capital Budget.
- (2) That the policy established in 1982, whereby any unexpended portion of the municipal contribution to a Local Board be placed in a reserve for capital projects for that Board, should be continued in 1989 and subsequent years to the extent that only adequate reserves are accumulated by the Board (as opposed to excessive reserves) and beyond this point such funds may be allocated to other areas requiring Local Board funding including any annual shortfall (amount required in excess of the municipal contribution).
- (3) That the employment impact of each project be given consideration.
- (4) That the six mill capital levy continue with specific reference to the "Pay-As-You-Go" policy, on the understanding that the expenditure program for the Reconstruction of Roadways, Abutting Sidewalks and other Sidewalks - Local Roads, be given first priority of the annual financing from this source. The balance of this six mill levy will be assigned to finance such other capital projects as directed by City Council.
- (5) That where the construction specifications of a capital project go beyond the normal requirements of the City of Hamilton as a result of financial involvement with outside groups such as institutions, private sector corporations, individuals, or other groups, that such outside contribution be in the form of a firm commitment before City Council is requested to confirm the gross cost of the project and the financial contribution of the City.

- (6) That new projects be introduced only in the fifth year of the program, or where Council is able to trade-off an existing project already included in the previous year's five year program.

Respectfully submitted

E. C. Matthews, Treasurer, B.A., C.A.

SCHEDULES, ASSUMPTIONS AND NOTES

Schedules

Attached to and forming part of this report are the following eleven schedules:

- Schedule 1 - Approval Process for Capital Budget and Capital Projects.
- Schedule 2 - Capital Budget Program 1989-1993 Summary Financing - Pages 1-4.
- Schedule 3 - Statement of Proposed Capital Projects to be Financed from Various Reserves and Reserve Funds - Pages 1-4.
- Schedule 4 - Statement of Proposed Allocation of the 6 Mill Capital Levy.
- Schedule 5 - Statement of Proposed Capital Projects to be Financed by Debentures - Pages 1-2.
- Schedule 6 - Capital Projects for which approval of the Ontario Municipal Board will be requested in each of the years 1989 to 1993 inclusive - Pages 1-2.
- Schedule 7 - Estimated Cost and Financing of Projects for Consideration in the Years 1994 and After - Pages 1-11.
- Schedule 8 - Gross Debenture Debt (Exclusive of Board of Education and Region) 1979-1993.
- Schedule 9 - Analysis of Gross Debenture Debt (Exclusive of Board of Education and Region) 1979-1993.
- Schedule 10 - Debenture Principal and Interest (Exclusive of Board of Education and Region) 1979-1993.
- Schedule 11 - Analysis of Debenture Principal and Interest (Exclusive of Board of Education and Region) 1979 to 1993.

Assumptions

The figures presented in these schedules are based on the following assumptions:

Population	- Increase per annum	.50 per cent
Assessment	- Increase per annum	.50 per cent
Tax Levy	- Increase per annum Municipal	5.00 per cent
Interest Rates	- Per annum - Local Improvements	11.00 per cent
	- Other Municipal Projects	11.00 per cent
Term of Debentures	- City's Share of Locals and Municipal Services	15 years
	- Other Municipal Projects	10 years

Notes:

- (1) The intended scheduling of all projects is shown in Columns 3 and 4 under "Project - Start/Finish".
- (2) The Column "1994 and After", will only include the financing required to complete a project commenced in the years 1989 to 1993 inclusive. Projects scheduled for commencement in 1994 or after are shown on a separate schedule, as are those projects which had originally been submitted for consideration in the 1989-93 Capital Budget, but have for various reasons been delayed to the 1994-1998 Capital Budget.

SUMMARY OF THE

FINANCIAL REPORT

FOR THE YEAR ENDING

DECEMBER 31, 1988

THE CORPORATION OF THE CITY OF HAMILTON

REPORT OF THE TREASURER

INTRODUCTION

The City of Hamilton was established by an Act of Incorporation passed by the Legislature of Upper Canada in June of 1846. Hamilton's population by that date had reached 6,832. In 1988, the City of Hamilton had an actual population of 307,160. In addition, the City had a 1988 taxable assessment base of 934.5 million dollars, an increase of 16.7 million dollars or 1.8% over the 1987 figure of 917.8 million dollars. 43.2% of the 1988 assessment was derived from commercial, industrial and business sources, with the balance of 56.8% derived from residential sources.

Prior to the introduction of the Board of Control in 1909, a seven man Standing Committee made up of Aldermen administered the various committees. The Board of Control was abolished in 1980 and the present City Council is comprised of the Mayor and sixteen Aldermen, two from each of the eight wards.

The City of Hamilton, which is the largest of the six area municipalities comprising the Regional Municipality of Hamilton-Wentworth, is responsible for services related to fire protection, traffic control, building inspection and permits, public works, recreation and community services, Property Department, along with various administrative functions. In addition, the Public Library, the Hamilton Entertainment and Convention Facilities Inc. (operating Hamilton Place, the Hamilton Convention Centre and Victor K. Copps Trade Centre/Arena) the Parking Authority, each represented by Local Boards, also form part of the general responsibilities of the City.

BUDGETARY AND FISCAL POLICY

The Corporation operates within the guidelines of the Current and Capital Budgets approved by Council. The Municipal Fund Balance to be used to offset taxation or user charges at the end of 1988 amounted to 2.1 million dollars. This balance arose mainly from an increase in revenues, principally in the area of payment in lieu of taxes.

Capital works of the Corporation were carried out in accordance with a five year Capital Budget program approved by the Ontario Municipal Board and within the limits set by City Council. Since 1959, Council has followed the practice of including in the revenue fund an estimate for capital levy as a down payment on capital projects in order to reduce the City's reliance on debt financing. This six mill capital levy, which amounted to \$5.6 million dollars in 1988, along with the policy of utilization of reserve funds for capital works, is particularly beneficial. You will note that the unexpended capital at the year end shows a sizeable balance of 13.8 million dollars, due to the issuance of debentures in 1988 amounting to \$24.6 million dollars.

THE CORPORATION OF THE CITY OF HAMILTON

REPORT OF THE TREASURER - (Continued)

FINANCIAL POSITION

The Consolidated Balance Sheet of the Corporation, as at December 31, 1988 continues to present a sound financial position.

It is to be noted that the current assets of the Corporation are 74.9 million dollars and the current liabilities amount to 12.9 million dollars. producing a favourable working capital ratio of approximately six to one.

RESERVES AND RESERVE FUNDS

The balance available from Reserves at the end of the year for future municipal purposes was 74.4 million dollars compared to 63.2 million in 1987. The revenue was attributable to contributions from the revenue fund and the capital fund, and interest earned.

TRUST FUNDS

The balance available at the end of the year for various trust funds was 7.0 million dollars compared to 6.5 million in 1987.

CONCLUSIONS

The financial statements reflect prudent financial policies on the part of City Council while recognizing the requirements of a progressive community. In addition, the financial statements are a report on the stewardship of the administration and are in conformance with the requirements of the Ministry of Municipal Affairs who received more detailed statements earlier. The Auditor's Report attests that these financial statements present fairly the financial position and results of the operation of the City.

The following pages offer salient financial and statistical information about the City of Hamilton which should be of assistance to the external users of this report.

I would like to express my appreciation to all participants in the financial administration process for their assistance and cooperation.

E. C. Matthews
Treasurer, B.A., C.A.

AUDITORS' REPORT

To the Members of Council,
-Inhabitants, and Ratepayers
of The Corporation of
The City of Hamilton.

We have examined the consolidated balance sheet of The Corporation of the City of Hamilton as at December 31, 1988 and the consolidated statement of operations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of The Corporation of the City of Hamilton as at December 31, 1988 and the results of its operations for the year then ended in accordance with the accounting principles disclosed in Note 1 to the financial statements applied on a basis consistent with that of the preceding year.

THE CORPORATION OF THE CITY OF HAMILTON

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS for the year ended December 31, 1988

1. ACCOUNTING POLICIES

The consolidated financial statements of the Corporation are the representation of management prepared in accordance with accounting policies prescribed for Ontario municipalities by the Ministry of Municipal Affairs. On matters for which The Ministry of Municipal Affairs has not published a prescribed policy, the handbook of The Canadian Institute of Chartered Accountants has been followed. Since precise determination of many assets and liabilities is dependent upon future events, the preparation of periodic financial statements necessarily involves the use of estimates and approximations. These have been made using careful judgements.

(a) (i) Basis of Consolidation

These consolidated statements reflect the assets, liabilities, sources of financing and expenditures of the revenue fund, capital fund, reserve funds and reserves and include the activities of all committees of Council and the following boards, and municipal enterprises which are under the control of Council:

- (1) Hamilton Entertainment and Convention Facilities, Inc.
- (2) Hamilton Public Library Board
- (3) The Parking Authority of the City of Hamilton
- (4) Concession Street Business Improvement Area
- (5) Downtown Hamilton Business Improvement Area
- (6) International Village Business Improvement Area
- (7) Jamesville Business Improvement Area
- (8) Ottawa Street Business Improvement Area
- (9) Westdale Business Improvement Area
- (10) Barton General Business Improvement Area

All interfund assets and liabilities and sources of financing and expenditures have been eliminated with the exception of loans or advances between reserve funds and any other fund of the municipality and the resulting interest income and expenditures.

(ii) Non Consolidated Entities

The following local boards, municipal enterprises and utilities are not consolidated.

- (i) The Hamilton and Scourge Foundation, Inc.
- (ii) Hamilton Housing Company Limited
- (iii) The Hamilton Municipal Retirement Fund
- (iv) The Hamilton Hydro Electric System
- (v) Municipal Non-Profit (Hamilton) Housing Corporation

(iii) Accounting for Region and School Board Transactions (net)

The taxation, other revenues, expenditures, assets and liabilities, with respect to the operations of the school boards and the Regional Municipality of Hamilton-Wentworth, are not reflected in the financial statements except to the extent that underlevies are reported on the "Consolidated Balance Sheet" as accounts receivable.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS - (Continued)
for the year ended December 31, 1988

1. ACCOUNTING POLICIES - (Continued)

(a) Basis of Consolidation - (Continued)

(iv) Trust Funds

Trust funds and their related operations administered by the municipality are not consolidated, but are reported separately on the "Trust Funds Statement of Continuity and Balance Sheet."

(b) Basis of Accounting

(i) Nonaccrual

Sources of financing and expenditures are reported on the accrual basis of accounting with the exception of principal and interest charges on long term liabilities which are charged against operations in the periods in which they are paid.

(ii) Accrual

The accrual basis of accounting recognizes revenues as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay. Transactions and events are recognized in the period in which they occur regardless of whether there has been a receipt or payment of cash or its equivalent.

(iii) Fixed Assets

The historical cost and accumulated depreciation for fixed assets are not recorded for municipal purposes. Fixed assets are reported as an expenditure on the "Consolidated Statement of Operations" in the year of acquisition.

(iv) Capital Outlay to be Recovered in Future Years

"Capital outlay to be recovered in future years" which represents the outstanding principal portion of unmatured long term liabilities for municipal expenditures or capital funds transferred to other organizations, is reported on the "Consolidated Balance Sheet".

2. OPERATION OF SCHOOL BOARDS AND THE REGIONAL MUNICIPALITY OF HAMILTON-WENTWORTH

Further to note 1 (a)(iii), the taxation, other revenues, expenditures and (underlevies) of the school boards and the Regional Municipality of Hamilton-Wentworth are comprised of the following:

	School Boards \$	Region \$
Taxation and user charges	149,194,274	82,928,439
Less Requisition	149,072,643	82,869,500

THE CORPORATION OF THE CITY OF HAMILTON

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS - (Continued) for the year ended December 31, 1988

3. TRUST FUNDS

Trust funds administered by the Municipality amounting to \$6,990,542 (1987 - \$6,545,010) have not been included in the "Consolidated Balance Sheet" nor have these operations been included in the "Consolidated Statement of Operations".

4. INVESTMENTS

The total investments of \$25,459,759 (1987 - \$20,653,174) reported on the "Consolidated Balance Sheet" at cost, have a market value of \$24,823,943 (1987 - \$20,441,016) at the end of the year.

5. LIABILITY FOR VESTED SICK LEAVE BENEFITS

Effective January 1, 1982 the Income Protection Plan was adopted and all sick bank credits earned under the Sick Leave Benefit Plan were frozen. The exception to this is for employees of the Fire Department which continues to operate under the Sick Leave Benefit Plan.

Under the Sick Leave Benefit Plan, unused sick leave would accumulate and employees were entitled to cash payment upon termination of services after seven continuous years. Entitlement to cash payment continues to apply to those employees who earned credits under this plan. The liability for these accumulated days, to the extent that they have vested and could be taken in cash by an employee on terminating, amounted to \$10,428,283 (1987 - \$10,256,779) at the end of the year. Cash payments made in lieu of sick leave are included in expenditures of the year in which services are terminated but no provision is made for the year in which the liability is incurred. An amount of \$745,962 (1987 - \$523,399) was paid to employees who left the Municipality's employment during the current year. A reserve has been established to provide for this past service liability and is reported on the "Consolidated Balance Sheet". The balance of \$2,788,063 (1987 - \$2,498,672) is provided in the reserve. An amount of \$500,000 (1987 - \$440,000) has been provided for in the current year and is reported on the "Consolidated Statement of Operations". Probable payments over the next five years to employees who reach their normal retirement age are:

6. NET LONG-TERM LIABILITIES - (Continued)

(d) Approval of the Ontario Municipal Board has been obtained for the long term liabilities in (a) issued in the name of the Municipality.

(e) The Municipality is contingently liable for the payment of principal and interest applicable to long term liabilities assumed by other municipalities, school boards and unconsolidated local boards, municipal enterprises and utilities. The total amount outstanding as at December 31, 1988 is \$26,662,717 (1987 - \$30,991,777) and is not recorded on the "Consolidated Balance Sheet".

7. MUNICIPAL FUND BALANCES AT THE END OF THE YEAR

(a) The municipal equity amounts shown on the "Consolidated Balance Sheet" and "Consolidated Statement of Operations", namely \$2,122,817 and \$13,793,442 (1987 - \$2,380,647 and \$5,007,685) at the end of the year are comprised of the following:

THE CORPORATION OF THE CITY OF HAMILTON

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS - (Continued)
for the year ended December 31, 1988

7. MUNICIPAL FUND BALANCES AT THE END OF THE YEAR - (Continued)

(c) Approval of the Ontario Municipal Board has been obtained for the pending issues of long term liabilities and for those commitments to be financed from revenues beyond the term of Council.

(d) The balance available for the general reduction of taxation for the fiscal year ending December 31, 1988 has been reduced by an amount of \$2,314,255 transferred to:

	\$
Reserve for Utilities Plant Capital	187,435
Reserve for Uninsured Losses	100,000
Reserve for Municipal Subject Content Conferences	25,000
Reserve for Special Events - 1989	45,000
Reserve for Capital Projects	1,956,820

	2,314,255
	=====

This transfer was authorized by the Finance Committee on February 21, 1989. Had this reduction not been made the balance would have shown a surplus of \$3,564,255.

8. CHARGES FOR NET LONG-TERM LIABILITIES

Total charges for the year for net long term liabilities which are reported on the "Consolidated Statement of Operations" are as follows:

	1988	1987
	\$	\$
Principal payment including contributions to the sinking fund	5,059,494	5,079,296
Interest	6,740,188	5,976,652
	-----	-----
	11,799,682	11,055,948
	=====	=====

The charges for long-term liabilities assumed by the non-consolidated entities are not reflected in these statements.

9. NON-ACCRUAL OF INTEREST ON LONG TERM LIABILITIES

No provision has been made in these financial statements for the accrual of interest on the net long term liabilities. Had this provision been made, the municipal fund balance as at December 31, 1988 would have been decreased by \$2,352,824 (1987 - \$1,658,506).

10. RESERVES AND RESERVE FUNDS

The total balance of the reserve and reserve funds of \$46,116,413 (1987 - \$46,277,997) and \$28,300,820 (1987 - \$17,005,548) respectively are made up of the following:

11. CONTRACTUAL OBLIGATIONS

The Municipality is a party to agreements and contracts involving significant future liabilities relative to capital projects in progress. The financial statements reflect the costs incurred to date and the capital budget prepared for five years in the future, updated annually, provides for the financing of these future obligations within the estimated financial resources of the Municipality.

12. LEASE AGREEMENT

The Municipality has entered into various lease agreements for computer and related equipment. These agreements provide for termination on November 30, 1991 to coincide with term of council. The payments required under these agreements for the year 1989 are \$2,072,320.

13. GROUP LONG-TERM DISABILITY PROGRAM

The long term disability program provides income protection for qualified employees. The net contribution paid to the Metropolitan Life Insurance as at December 31,1988 was \$2,895,487 and is refundable to the Municipality. The latest actuarial valuation of the program liability was estimated to be \$ 2,892,038 as at June 30, 1988. This item is reported in the "Consolidated Balance Sheet" under Reserves as "Reserve for Long Term Disability Plan" and appropriate funds are included as a part of other investment.

THE CORPORATION OF THE CITY OF HAMILTON

*NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS - (Continued) for the year ended December 31, 1988

14. BUDGET FIGURES

Budgets established for Capital Funds, Reserves and Reserve Funds are based on a project-oriented basis, the costs of which may be carried out over one or more years. As such, they are not directly comparable with current year actual amounts and budgets have therefore not been reflected on the "Consolidated Statement of Operations".

15. PUBLIC LIABILITY INSURANCE

The Municipality is partially self insured for public liability claims up to \$2,000,000 for any individual claim and \$2,000,000 for any number of claims arising out of a single occurrence. Outside coverage is in place for claims in excess of these limits.

The Municipality has made a provision for a reserve for self insurance which as at December 31, 1988 amounted to \$2,251,035 (1987- \$1,616,395) and is reported on the "Consolidated Balance Sheet" under reserves.

Claims settled during the year amounting to \$21,103 (1987 - \$83,007) have been provided for from the reserve, and are accordingly reported as an expenditure on the "Consolidated Statement of Operations".

There are a number of claims unsettled as at December 31, 1988, the probable liability of which would not exceed \$2,000,000.

16. COMPARATIVE FIGURES

Certain comparative figures for 1987 have been reclassified to agree with the financial statement presentation adopted for 1988.

AUDITORS' REPORT

To the Members of Council,
Inhabitants, and Ratepayers
of The Corporation of
The City of Hamilton.

We have examined the balance sheet of the trust funds of The Corporation of the City of Hamilton as at December 31, 1988 and the statement of continuity of trust funds for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the trust funds of The Corporation of the City of Hamilton as at December 31, 1988 and the continuity of trust funds for the year then ended in accordance with the accounting principles disclosed in note 1 to the financial statements applied on a basis consistent with that of the preceding year.
